Austin City Council
301 W. Second Street
Austin, Texas 78701

Dear Mayor Adler and Council Members:

It has come to my attention that you received a letter from a community group related to the preservation of the historic I.Q. Hurdle House. We want to be clear we understand and respect the historical significance of the I.Q. Hurdle House and are excited to honor it appropriately.

We also understand the importance of seeking community input on the preservation of the I.Q. Hurdle House and to that end, we have been in dialogue with several community leaders and city staff over the last several months. Additionally, we have been in discussion with stakeholders in the community and as we progress toward a plan for our various properties, we intend to continue to seek community input.

To find the right path forward for the I.Q. Hurdle House may take a few months, but we are committed to taking some interim steps such as painting or improving the fence with the blessing of the Historical Commission.

Please let me know if you have any questions.

Sincerely,

Rene Campos
